SNACK BAR / BEACH

While sunbathing on the finest beach in Kemer's natural surroundings, 168 m in length, you may use the loungers and umbrellas, harmoniously arranged in accordance with a family atmosphere. Our jetty, which can be approached from the sea by boats and yachts, serves at the same time as a sea platform on which all our guests may sunbathe.

At our Snack Bar, which opens on the perfectly clean *Green Key and Blue flag* beach in the morning, you may test the flavour of various delicious snacks, sip Turkish tea served in original glasses or taste cooling drinks and alcoholic or non-alcoholic exotic and tropical cocktails. In addition, various fruit and vanilla ice creams are served as you wish (packet, cone and coupes).

On our beach in the most beautiful spot on the Mediterranean, every need of our guests has been addressed with cooling showers, changing cabins, and a ramp to the beach and the special toilets for handicapped people. For mothers nursing babies, we have even provided a care / service corner where they may look after baby care with ease. You will notice there is a secure environment for swimming with a golden-brevet lifeguard.

We will take happiness from hosting you and all your team at the "new pearl of the Mediterranean".

YOUR ENJOYMENT FROM HOLIDAYS IS OUR HAPPINESS !
