*Antalya*

# THE HEART OF SPORTS: BELEK!

Being Turkey's largest golf destination, Belek also offers indispensable areas for various sports such as football fields, tennis courts, and training areas.

Being the address for the sea, canyons, and rivers, Belek is the center of excitement and fun for water sports like rafting, sailing, water skiing, and canoeing. Additionally, there are diving spots for those wanting to experience the underwater adventure of the Mediterranean.

## Beauty From History...

Located 30 kilometers east of Antalya, Serik is one of the most popular tourism districts with its 22-kilometer coastline. As you climb the mountains, every breath you take will leave a huge smile on your face, while you will rediscover your self in the alluring turquoise of the crystal Mediterranean waters. In Belek, where the bright sun embraces you in every season, you will closely witness all kinds of living life.

Belek, which hosts approximately 3 million tourists annually, is one of the most beloved regions in Serik with its golf courses, tennis courts, pine forests, crystal-clear sea, and golden sandy beach. Belek, where different pine trees rise intertwined in natural vegetation with every shade of green and where colourful flowers bloom, is almost a paradise with its rich diversity...

During your stay at Adora, you'll have quick access to the natural and historical beauties you wish to see. Antalya, where the ancient cities of Sillyon and Aspendos from the Kingdom of Pergamon in the 2nd century AD are located, reflects the spirit of historical ancient cities in many regions, especially Belek.

### Hadrianus Gate:

An ancient Roman structure built in 130 AD in honor of the Roman Emperor Hadrian, this gate was initially covered by the city walls and remained unused for many years. The gate was revealed with the collapse of the wall remains. It is considered Pamphylia's most beautiful gate, featuring three openings in the form of a dome. Except for the columns, it is entirely made of white marble with beautiful carvings and reliefs. The original gate was two stories tall.

There are two towers known to have been built at the same time as the gate. The southern one is known as the Julia Sancta Tower and is an artifact from the Hadrian era. The northern one, with its lower parts belonging to the Ancient Age and upper parts from the Seljuks period.

# FASCINATING DESTINATION

Antalya, considered the 'capital of tourism' in Türkiye:  
Discover the heart of the city...

## *Antalya* A UNIQUE JOURNEY THROUGH TIME

*An ancient city living in the city center; Kaleiçi!*

Antalya, which fascinated King Attalos II, who said, "Find me heaven on earth," has preserved the same heavenly beauty from the Hellenistic Period to the present day.

Meaning 'Home of Attalos,' Antalya receives great interest from both domestic and foreign tourists.

Kaleiçi, witnessing history since ancient times, has been a shared creation of all civilizations living for over two millennia and is currently a modern marina area.

Kaleiçi carries the enchanting traces of Rum, Seljuk, and Ottoman architecture, creating an authentic atmosphere that takes visitors on an unparalleled journey.

Protected since 1972 as a Sit Zone with its unique structure and features, Kaleiçi is located 39 kilometers away from Agora.

Kaleiçi, located 39 kilometers from Adora Resort & Hotel, offers a magical world steeped in history at the city center.

*Antalya*

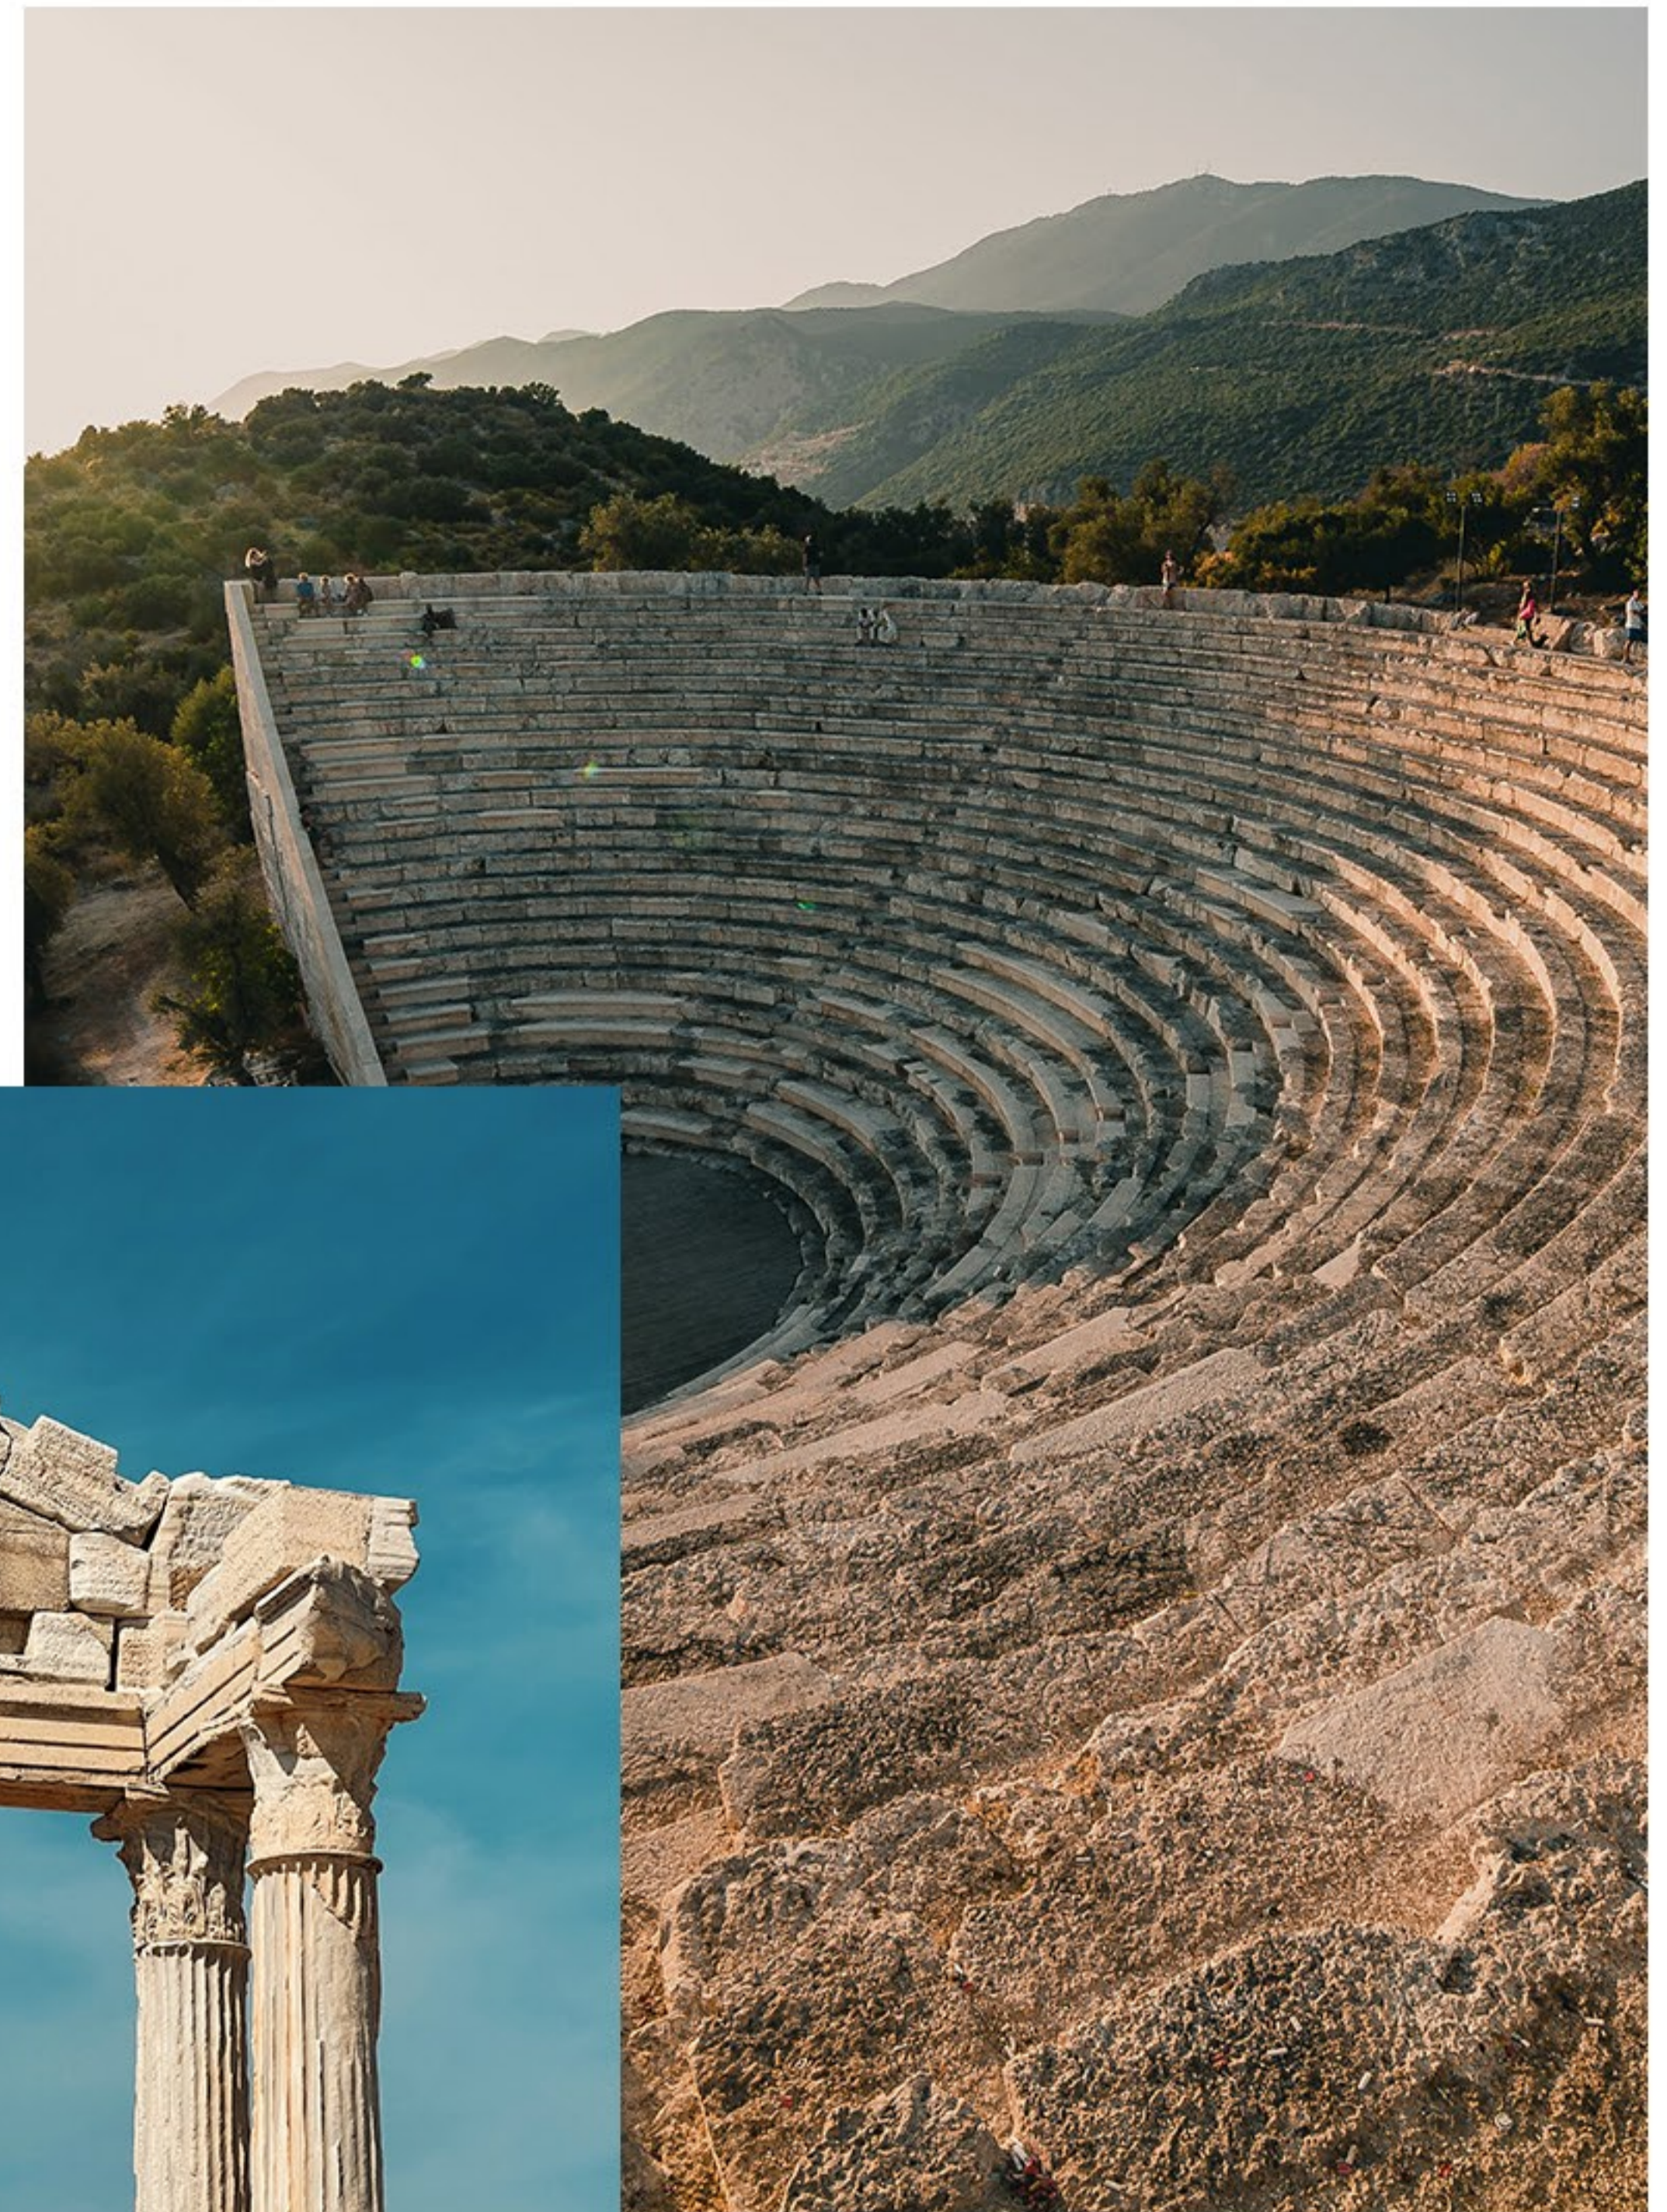

# NATURAL PARADISE ON EARTH...

## **City Still Living in Grandeur; Aspendos!**

Located about 53 kilometers from Adora, the ancient city of Aspendos boasts structures like the ancient theater, agora, basilica, bath, aqueduct, and monumental fountain that have managed to survive to this day.

## **Birthplace of Eastern Mediterranean Culture; Side!**

Meaning 'pomegranate' in Anatolian, Side is believed to have been founded before the 7th century BC. Side flourished in culture, art, and various other fields under Persian rule.

*Antalya*

# MEDITERRANEAN'S MAGNIFICENT NATURE

*Deep breathing green, endless blue...*

## **Köprülü Canyon**

Located 55 km away from **Adora**, Köprülü Canyon not only offers breathtaking views but also opportunities for sports activities.

A favorite destination for rafting enthusiasts, Köprülü Canyon is visited by thousands every year.

## **Uçansu Waterfall**

Although it's a bit challenging to reach Uçansu Waterfall, located 50 km from our hotel, the magnificent view is worth the effort.

Offering travel opportunities all year round, this unique beauty sees water cascading 62 meters down from the Taurus Mountains amidst greenery, almost like a smooth glide rather than a fall.

There's also the possibility of cooling off by jumping into the ice-cold waters of the lake formed in front of the waterfall.

*Sustainability*

# LEGACY FOR THE FUTURE...

Our goal is to preserve the beauty of today's environment  
for the future...

In Antalya, one of the world's most beautiful cities with its natural and historical environment, we, under the name of **Adora Hotel & Resort**, are aware of the value of the environment we live in and want to pass on these beauties to future generations.

**With our sustainability policy:**

- We protect the environment and prevent pollution. We reduce our negative impact on the environment and attach importance to the integrity of the environment.
- We ensure that the materials used in our operations have 'recyclable' and 'eco-friendly' labels, and after their usage periods, we evaluate opportunities for reuse.
- We use hazardous substances or chemicals only when necessary and in the required amounts, reducing the amount that negatively affects the environment.
- By using our natural resources such as water, energy, and all our natural resources in a conservative manner, we prevent waste.

By complying with all legal obligations related to environmental protection, we aim to increase the awareness of our staff and guests about sustainability each year, taking confident steps towards becoming an environmentally friendly hotel.

Under the '**Blue Flag Program**' carried out by TÜRÇEV (Turkish Foundation for Environmental Education), our hotel has held the '**Blue Flag**' certificate since 2007 by meeting and sustaining a series of environmental, educational, safety, and accessibility criteria, initially starting with clean seawater.
